INVESTING IN EMERGING MARKETS: THE RULES OF THE GAME

APress. Paperback. Book Condition: new. BRAND NEW, Investing In Emerging Markets: The Rules Of The Game, William Gamble, You see it in every business paper or magazine. You hear it on every financial talk show. You are deluged with "facts" presented as certainty: China will be the number one economy. The BRIC countries (Brazil, Russia, India, China) will continue to outstrip the developed world in growth for decades to come. You have to understand that you are not on Wall Street anymore. Different rules apply. And there are not only vast differences between developed and emerging markets, but vast differences among emerging markets themselves. The opportunities and risks are substantial and vary enormously between countries. Investing in Emerging Markets will help the retail investor, the more sophisticated money manager, and the prospective international businessperson to get beyond the hype, the marketing, and the dreams to understand the real risks and to take advantage of the real opportunities.
