## Bigfoot in New Jersey: The Garden (State) Variety Sasquatch

By W R Matts

Pine Winds Press, United States, 2013. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book. Since the 1894 report that a Wildman with a club was seen traveling through Morris County, strange creatures resembling Bigfoot have been reported in New Jersey. The Pine Barrens, 1.1 million acres covering parts of seven different counties and 22 of the entire state, has been a rich source for glimpses of the legend. Many other parts of the state have been visited by Bigfoot as well. In this book WR Matts documents 68 of these recorded sightings from all across the Garden State. In addition, he provides three comprehensive reports about his own research in High Point State Park and Wharton State Forest. Matts explains his personal methodology, the success of which led him to encounter one eight-foot creature at the Godfrey Bridge Campground in the Pine Barrens. Other chapters of the book discuss how studies of Bigfoot are evolving with the realization that these intelligent creatures can avoid current research methods such as camera traps and call blasting. Recent reports of long-t.
