CAVE ART

Phaidon Press. Paperback. Book Condition: New. Paperback. 336 pages. Dimensions: 11.3in. x 9.7in. x 1.4in. The discovery of pre-historic decorated caves in western Europe transformed the way we think about the development of art. The earliest known evidence of human artistic endeavor, the awe-inspiring paintings, dramatic engravings and small, delicate sculptures of animals and humans found in these caves still hold a unique power and fascination, more than a century after they were first discovered. In this book, internationally renowned expert on prehistoric art Jean Clottes explores the origins of art and creativity. He takes the reader on a guided tour of 85 caves and rock shelters, many of which are not open to the public, revealing the extraordinary beauty of the works of art within them. A wonderful range of animals is presented, from cave bears to reindeer, as well as mysterious abstract signs and schematic representations of human beings. Examples of portable art and sculpture are also included. While most of the caves described in the book are European, Cave Art also includes examples of open-air rock art made after the last ice age at sites around the world. With an unparalleled selection of images, Cave Art offers a unique guided tour of the earliest expressions of human creativity. Each work in Cave Art is illustrated by a color photograph, and accompanied by a...
