

## Learn How To Make Micro-Macrame Jewelry - Volume 2: Learn more advanced Micro Macrame jewelry designs, quickly and easily!

Filesize: 5.48 MB

### ***Reviews***

*An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*(Elenor Koch PhD)*

## LEARN HOW TO MAKE MICRO-MACRAME JEWELRY - VOLUME 2: LEARN MORE ADVANCED MICRO MACRAME JEWELRY DESIGNS, QUICKLY AND EASILY!

CreateSpace Independent Publishing Platform, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Learn How To Make Micro-Macram Jewelry! Volume 2 Intermediate / Advanced Designs Learn to create Micro-Macram beaded jewelry with these 7 fun projects. My previous book, "Learn How To Make Micro-Macrame Jewelry! Volume 1", explained how to create the necessary padded work surface which allowed you to embark on your micro-macram journey. Then we continued with a straightforward bracelet, enabling you to familiarize yourself with the feel of the cord giving you time to practice tension as you tie the most commonly used knot in micro-macram. Each successive pattern introduced you to a new knot or two, culminating in a final project using several knots. If you are new to Micro-Macrame, I would suggest starting with my first book before you move on to these patterns. In this second book, I wanted to move forward into some more advanced techniques and knots. I've added some new knots and have increased the complexity of the designs which really brings you into what I enjoy the most about the craft. That being the intricate details and delicate beading which sets apart this style from other forms of jewelry making. My approach is even different from many other knotting trends as I lean towards the Margarete Lace (or Margaretenspitze) technique. I've included the project board design, basic tools, cords, beads and basic knot information at the end of this guide for easy reference. With just a little practice you can learn how to create even more advanced designs.
