It's all about the power of small changes—the dozens, even hundreds of choices we face each day that, if we see them as what they really are, will power us all the way to the success we envision. —Writer and Editor Lynn Stratton. Regrets are simply proof that your dreams are achievable. Your future is nothing more than the net value of the choices you make today. If you change nothing, then nothing will change and you'll regret every year what you could have accomplished but didn't. Do you really want to wait another year? It is the daily choices that change your life. No one can choose to be successful—there's no one choice that accomplishes that. We can, though, make daily choices that later result in success. Choose Your Way There I spent most of my life living in the future and regretting the past. I sought the miracle pill, the rags-to-riches and that elusive and mysterious inner power the motivational gurus like to sell. I knew everything, then realized I knew nothing. I was invincible until I found out I was really just fragile. I spent my life chasing the shadows of a future I did little to achieve. It took me over 40 years to realize that the future is only a reflection of today and that the past is irrelevant, for we cannot live in anything but the now. I learned I could use the past to choose today what my future will be. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
